Based on the legal basis of the Directive 2008/57/EC on the interoperability of the railway system within the European Union and the recommendation 2014/897/EU on the authorization for the placing in service of structural subsystems and vehicles under Directives 2008/57/EC and 2004/49/EC that highly advocate the implementation of procedures for mutual recognition of the national rules between the NSAs, we the Hungarian National Transport Authority, Railway Department (NKH), as the Hungarian NSA, hereby we would like to express our intention to join the cross-acceptance agreement between the national safety authorities of Belgium, the Netherlands, France, Luxemburg, Switzerland and Spain. (BeNeFLuChE)

Referring to the "Protocol for setting-up cross-acceptance procedures of railway vehicles for high speed and conventional railway systems between the national safety authorities of Belgium, the Netherlands, France, Luxemburg, Switzerland and Spain", signed on 16 January 2012 in Amiens, point 6. „Possible expansion of the number of signatories of the protocol" we declare our entirely acceptance of conditions associated with this protocol.
